

M'ADOO WILL NOT PERMIT NAME TO GO BEFORE DEMOCRATS

Decision Made in Telegram to Delegate at Large From Kansas

NEW YORK, June 18.—William G. McAdoo, who has been considered by party leaders as one of the principal candidates for the Democratic presidential nomination, announced tonight he could not permit his name to go before the San Francisco convention.

"This decision," he said, "is irrevocable as the path of duty seems to me clear and unmistakable."

His decision was made known in a telegram to J. M. Shouse, Democratic delegate at large from Kansas who had telegraphed Mr. McAdoo that sentiment throughout the country was rapidly crystallizing in his favor, that his friends would like to have him permit his name to go before the convention and that they were certain he would be nominated and elected.

McAdoo's Telegram

Mr. McAdoo's telegram follows: "Your telegram of June 17th requires an explicit and immediate answer. I am profoundly grateful to you and my other generous friends who with such spontaneity and unselfishness have without my solicitation advocated my nomination. To cause them disappointment distresses me deeply, but I am unable to reconsider the position I have maintained, namely, that I would not seek the nomination for the presidency. I cannot, therefore, permit my name to go before the convention, this decision is irrevocable as the path of duty seems to me clear and unmistakable."

"The considerations which compelled me to resign as secretary of the treasury and director general of railways in large measure still prevail. I must have a reasonable opportunity to rehabilitate private affairs and to make provision for my family which, in time of peace, is alone the sacred duty and cherished desire of every right-thinking man. Having been out of office less than eighteen months I have not yet been able to accomplish these objects. Moreover, a presidential campaign imposes upon the candidate unavoidable expenses which I am unable to assume and which I do not want my friends to assume."

Sees Democratic Victory

"The record of the present Republican congress and the platform and candidates of the Republican convention make Democratic victory in the next election almost certain. Victory will be certain if the Democrats adopt a straightforward, unequivocal, unvarnished, honest and unselfish platform and put forward candidates who will command public confidence. We must stand squarely for ratification of the league of nations without debilitating reservations and we must be direct and explicit on the important domestic issues. The times are not propitious for equivocation or for appeals to blind passion or to doctrines of hate, or for reactionary policies which would shut their doors to the great and swelling voice of humanity which cries aloud for the restoration of peace and good will at home and in the world and for the opportunity to live in an atmosphere of justice, progress and prosperity."

"I am sure that my friends will appreciate the sincerity and propriety of my position and that they will do everything in their power to aid me in my efforts to secure the continuation of the enlightened principles and liberal policies of Democracy. These are more than ever essential to the security and well being of the American people."

Mr. Shouse's telegram to which Mr. McAdoo replied, said: "Sentiment throughout the country rapidly crystallizes in favor of your nomination. I know you have consistently stated that you are not a candidate and that you will not seek nomination. Your many friends would like to have you reconsider your attitude at least to extent of permitting your name to be presented to the convention. We are certain you can be nominated and elected."

Turn to Senator Glass

Washington, June 18.—Mr. Shouse expressed his views relative to the candidacy of Senator Glass after receiving Mr. McAdoo's telegram. Testimony recently presented to the campaign committee investigating committee identified Mr. Shouse as one of those participating in a conference here several weeks ago at which the candidacy of Mr. McAdoo was discussed.

The movement for the nomination of Senator Glass "has alighted" reached formidable proportions and his supporters assert that he will occupy from the first ballot a commanding position in the race at San Francisco.

"Senator Glass has been among the most enthusiastic of the McAdoo supporters," said Mr. Shouse. "It is true that the Virginia delegation was instructed to support Senator Glass, but it was understood that Senator Glass expected to throw his support to Mr. McAdoo."

"News of the McAdoo withdrawal in Washington today was immediately followed by the announcement on the part of a number of the most loyal McAdoo men that they would exert themselves to the limit to help Senator Glass. They predict that the suggestion of Senator Glass will meet with instant response and favor

COMPERS AGAIN HEADS FEDERATION OF LABOR

Veteran President Re-Elected by Delegates for the Thirty-Ninth Time—Given Great Demonstration

MONTREAL, June 18.—The American Federation of Labor again expressed its confidence in the leadership of Samuel Gompers its veteran president by re-electing him today for the thirty-ninth time at its biennial convention here and returned to his office his entire administrative cabinet.

His election was virtually unanimous. The only delegate who voted against him was James A. Duncan, of the Seattle Central labor council, leader of the progressive wing of the federation. The delegates gave the elderly labor leader a tremendous ovation when he declared victory and returned to his office his entire administrative cabinet.

"I accept the call to duty and I will obey," he said.

He was much affected by the demonstration.

Representatives of the railway workers' organizations seconded Mr. Gompers' nomination which was made by George W. Perkins, of the cigarmakers' union. They pledged their hearty support to his leadership, declaring that the convention's action of yesterday in endorsing government ownership of the railways should not be construed as a repudiation of his administration.

Mr. Gompers explained that the federation had not changed its view in connection with the use of light wines and beer, manufacture and sale of which was advocated by the convention last year.

Timothy Healy of New York, president of the stationary firemen and Sara B. Conboy, of the textile workers tonight were elected fraternal delegates to the British trades and union congress.

The convention then adjourned until tomorrow.

SOLDIER KILLED IN MOTORCYCLE CLASH

CAMP GRANT, Ill., June 18.—One man was killed and two others injured, when an army motorcycle crashed into a group of soldiers on a Camp Grant highway late Wednesday night, it was announced at camp today.

The soldier killed was Private Joseph Kipus, age 24 of the 16th machine gun battalion. He died last night at the camp hospital of skull fracture. Private Kelly Lance, third field artillery, was seriously hurt.

Kipus was riding in the side car of the motorcycle. The soldiers were part of the guard thrown around the camp following the mysterious shooting of Mrs. Maude Lucille Moss, wife of Captain Leroy H. Moss.

JURORS SEND CHICAGO JUDGE COMPLIMENTS

CHICAGO, June 18.—Forty days ago William Bross Lloyd and twenty three others, alleged communist laborers were placed on trial charged with conspiring to overthrow the government.

Eight jurors have been selected and attorneys are still trying to find the other four. In the meantime the eight are under guard in a downtown hotel. Today they sent the following note to Judge Oscar Hebel, the trial judge, accompanying it with a gift of a cigar box "banjo" constructed during their detention.

"The compliments of the eight jurors already sworn. We are still alive and happy."

SHOT FIRED IN QUINCY LABOR TROUBLE

QUINCY, Ill., June 18.—The first shot of the present labor troubles was fired here this morning when a bullet came crashing thru the Weis Paper Mill plant where men are on strike. No one was hit. The company has applied for an injunction restraining the men from picketing or interfering with employees. The restraining order is similar in tone to the one granted the American Strawboard Co., Thursday, which appeared to have the effect of keeping down any further riotous demonstrations on the streets.

BUILDING HOUSES FOR FAMILIES WITH CHILDREN

St. Joseph, Mo., June 18.—Walter P. Fulkerson, St. Joseph banker, is building a row of houses for rent to families in which there are children. Newly married couples also will be allowed to occupy the houses with the provision that if there are no children in their families at the end of one year's residence they will be asked to vacate.

MAY CONTINUE TRAINING

Washington, June 18.—Qualified aviators holding commissions in the officers' reserve corps will be permitted to do their training at selected army fields, the war department announced today. The equipment will be furnished by the military authorities. The purpose, it was said, is to assist qualified fliers in keeping themselves in training against a possible emergency.

NOT ONLY IN THE SOUTH, BUT IN MANY SECTIONS OF THE EAST, NORTH AND WEST

The senator was brought prominently before the public by his work in the victory loan work. Previous to his appointment to the cabinet position he had already achieved a national reputation thru the authorship of the federal reserve act. He has been regarded as one of the most loyal and one of the ablest of the administration's supporters in the senate.

WATERPOWER BILL BECOMES LAW AFTER TEN YEARS IN MAKING

Announcement That President Wilson Had Signed Measure Made Public

WASHINGTON, June 18.—The waterpower development bill, ten years in the making, finally has become law.

Announcement that President Wilson had signed the measure prior to June 11, was made late today at the White House. At the same time it was announced he had failed to sign the joint resolution repealing most of the war-time laws and the Underwood resolution providing for negotiations with Canada relative to the embargo on the shipment of wood pulp to the United States.

Another bill which failed to receive approval would have authorized the war department to transfer motor equipment to the department of agriculture for road construction and other work.

Besides the waterpower measure the president signed seven bills passed in the closing days of the recent session of congress. They included an act authorizing the enlistment in the naval and army service of non-English speaking aliens, an act paying for a set of false teeth and five bridge bills.

No explanation of the delay in announcing approval of the waterpower measure was made.

The president's action was made known in the following statement:

"The president having been advised by the attorney-general that the adjournment of congress does not deprive him of the ten days allowed by the constitution for the consideration of a measure, but only in case of disapproval of the opportunity to return the measure with his reasons to the house in which it originated, has signed the following bills, each within the ten days period of consideration. The bills not signed failed to become law under the usual practice."

The president also failed to approve the joint resolution authorizing the appointment of a commission to confer with the Canadian government relative to the export of pulp wood to the United States.

The president also signed an act authorizing the enlistment in the military and naval forces of non-English speaking citizens and aliens.

Bills extending the time for completion of bridges across the Allegheny and Monongahela rivers at Pittsburgh and across the Mississippi river at St. Louis were signed.

Another bill which failed to receive approval would have authorized the secretary of war to transfer certain surplus material, machinery and equipment to the department of agriculture to be used largely in road building.

MOSS MURDERERS REPORTED IN IOWA

CAMP GRANT, Ill., June 18.—Trail of the four soldier suspects wanted in connection with the shooting of Mrs. Lucille Moss at Camp Grant led today to Iowa. Local authorities received word at noon that four men who might be those wanted were seen today in the neighborhood of Muscatine. The telegram from the Muscatine officials failed to say whether the men were in uniform. Word was received here this afternoon from Chicago of the arrest there of a soldier whose description tallies closely with that of Private J. B. Bonnell, one of the four fugitives.

Arrest Army Deserters

Chicago, June 18.—Two men believed to be army deserters were arrested here today and held at the detective bureau pending word from Camp Grant officers who, following the shooting of Mrs. Moss, asked police here to hold all soldiers believed to be absent without leave. The men gave their names as Manuel Nestor and William Gurkes. Police say they did not believe the fugitives were in any way implicated in the shooting.

YOUTHFUL BANDITS CAUGHT

Rockford, Ill., June 18.—Citizens hastily summoned into a posse to scour the country last night following a burglary at a store in Prairieville found the bandits to be four Chicago youths. One is fourteen and the others thirteen years old. They came to Rockford from Chicago yesterday. They are under detention here.

LARGE BRIDGE FOR ALASKA

Gary, Ind., June 18.—The second largest bridge span ever produced here, requiring a score of cars to transport, weighing thousands of tons, and 504 feet in length was shipped yesterday by the American Bridge Co. to Fairmont, Alaska. It will be re-assembled there to bridge the Sustina river, connecting Fairmont and Seward. Bridge experts from all over the country visited the local plant to inspect the high span before shipment.

NEW TRIAL DENIED

Chicago, June 18.—James Vincent sentenced to fourteen years in the penitentiary for complicity in the murder of Maurice Enright, labor leader, today was denied a new trial by Judge Sabath in the criminal court. Judge Sabath delayed sending Vincent to the penitentiary after his counsel said he was ill and needed medical attention.

Condensed Telegraphic News (By The Associated Press)

ST. LOUIS, Mo., June 18.—The United States junior chamber of commerce was organized formally at today's session of its first annual convention here by the adoption of the report of the committee on constitution and bylaws. The tentative organization was formed at a caucus last January.

WARSAW, June 18.—By carefully laid plans, said the Polish official communique issued today when a motion to reconsider the resolution ratifying the federal woman suffrage amendment was voted down 61 to 18. In the senate, however, a motion to reconsider the state suffrage bill was carried 18 to 12. The measure will be voted on June 29.

WASHINGTON, June 18.—The United States government had no connection with the recent purchase of 140,000 tons of Argentine sugar beyond lending its influence to have export restrictions removed, Howard Figg, special assistant to the attorney general announced today.

ST. PAUL, Minn., June 18.—Troops were ordered to Duluth tonight by Governor Burnquist following an appeal from officials of that city who said they had been informed an organized attempt to lynch four negroes in the Saint Paul district would be made tomorrow night. The negroes are held in connection with an assault on a 17-year-old white girl which resulted in the lynching of three negroes a few nights ago.

SAYS DEMOCRATS WILL HAVE WET PLANK

New York Campaign Manager for Gov. Edwards Claims 700 Delegates Favor Wet Platform

Chicago, June 18.—Walker M. Vick, of New York, campaign manager for Governor Edwards of New Jersey, in Chicago today on his way to San Francisco, declared that he believed "not less than seven hundred delegates in the Democratic National convention in favor of a modification of the Volstead act, permitting the use of light wines and beers in such states as wish to do so, with state control of regulation under a general and liberal federal act."

"The Volstead act is so extreme," he declared, "it has placed in the criminal class millions of women who make the home-grown fruit light wines for domestic use, millions of farmers who make and mature cider from their own orchards."

"Evil consequences have followed the enactment of this unwise and un-democratic law. Moonshining has grown twenty fold."

"The Democratic party is going to call a halt on this and rescue the country from the hands of a fanatical minority whose numerical weakness is shown every time they attempt a separate fight. The platform will be clear, democratic, progressive and I hope, brief. It will embody one sentiment which is common to the vast majority of Americans in the United States. That is respect for the president of the United States."

G. A. R. ELECT STATE OFFICERS

JOLIET, Ill., June 18.—Officers elected today at the fifty fourth annual encampment of the state division of the G. A. R. and affiliated organizations included the following:

BATON ROUGE, La., June 18.—An attempt to revise the suffrage right in the house of the Louisiana legislature failed today when a motion to reconsider the resolution ratifying the federal woman suffrage amendment was voted down 61 to 18. In the senate, however, a motion to reconsider the state suffrage bill was carried 18 to 12. The measure will be voted on June 29.

WASHINGTON, June 18.—Senator Glass of Virginia, in a statement to The Associated Press tonight declared he still favored the nomination of William G. McAdoo by the Democratic party for president, notwithstanding Mr. McAdoo's decision not to permit his name to be presented at the party's national convention.

EL PASO, Texas, June 18.—Reports from Mexico City that Francisco Villa had ordered killed three hundred camp followers attached to the de facto government troops were labelled probably untrue by American and Mexican officials here and in Juarez, Mexico, today. Mining officials here who where the alleged massacre is their properties in the region said to have communicated with said to have occurred also expressed doubt concerning the authenticity of the reports.

MARTENS RECALLED BY SOVIET GOVERNMENT

Self-Styled Russian Ambassador Has Been in United States for Fifteen Months

WASHINGTON, June 18.—(By The Associated Press.)—Ludwig C. A. K. Martens, who for more than fifteen months has been in the United States as the self-styled Russian soviet ambassador has been recalled by the soviet authorities it was learned tonight in official circles.

Martens' confidential secretary, Stofor Norvete, left the United States yesterday, as he was by way of Canada and now is believed to be attending the conferences being held in England by Gregory Krassin, Bolshevik minister of commerce it was said tonight by department of justice officials.

Martens' recall it was stated by those acquainted with the facts in the case was at his own solicitation. Neither the "ambassador" nor those who have been associated with him were prepared to say whether the soviet authorities would send another representative to the United States and make another attempt to obtain semi-recognition thru that means.

Martens on his arrival in the United States in March 1919, sent credentials to the state department, but no attention was given them by the department and announced that during the convention there would be no vacations and no days off for the police.

SOLUTION OF ELWELL MURDER NO CLOSER

NEW YORK, June 18.—Solution of the mystery surrounding the murder of Joseph B. Elwell, turfman and whist expert, shot in his home here June 11, is "as far off" as a week ago, District Attorney Swann announced tonight. The investigation centered today in the examination of Mrs. Marcel Larson, housekeeper of Elwell, and Edward Rhodes, his chauffeur.

Rhodes told District Attorney Swann it was a custom of Elwell to accost women on the street and invite them to ride in his automobile. The chauffeur said he had driven Elwell and various women about frequently and that one of the companions of the turfman on these trips was the mysterious "Miss Wilson," who Mrs. Larson had testified was the owner of the feminine wearing apparel found in Elwell's room.

BRYAN DECLARES WETS HAVE NO CHANCE

ARGO, N. D., June 18.—"No wet governor from New Jersey will ever be the Democratic candidate for president," declared William Jennings Bryan, speaking in Fargo last night under the auspices of the local lecture association. Mr. Bryan by name also singled out Governor Cox of Ohio and Senator Hitchcock of Nebraska as "wets."

Mr. Bryan declared that he was taking a dry plank and a "prison term for profiteers" plank to the San Francisco convention.

PROTESTS MADE.

Chicago, June 18.—The National Livestock Exchange today adopted a resolution protesting against elimination of federal inspection of cattle by the bureau of animal industry. A committee was named to present the protest to Secretary of Agriculture Meredith and Dr. Mohler of the Interior department.

The resolution declared the inspection of livestock at the time of weighing was of great value to producers as well as salesmen and buyers. Reports of subcommittees were made today at executive sessions.

SUGAR PROFITEER MUST PAY \$10,000 FINE

Pittsburgh, Pa., June 18.—J. J. Gilchrist, an official of the Standard Sugar Co., was today sentenced to pay a fine of \$10,000 by Judge Thomson in United States district court here for profiteering in sugar.

DEMOCRATIC LEADERS BEGINNING TO FLOCK TO SAN FRANCISCO

McAdoo's Announcement Causes Divided Interest Among Party Chiefs

SAN FRANCISCO, June 18.—Announcement by William G. McAdoo that he could not permit his name to be put before the Democratic convention divided interest here today with the arrival of leaders of the Governor Cox faction and a declaration by Mrs. Abby Scott Baker, of the National Woman's party.

"Our party will demand that the Democrats use all their influence to add the one ratification by state legislature of the national suffrage amendment to the constitution necessary to make suffrage a national law," Mrs. Baker said. "A resolution in the platform will help, but instructions by the powers that be in the Democratic party to throw down is what will count most of all."

Mrs. Baker, who is one of the women who directed the picketing of the White House, charged the Republican convention with having dodged the suffrage issue. In Vermont and Connecticut there are Republican majorities in the legislatures which would ratify the amendment on instructions from the party leaders, she said.

Washington, D. C., who has been working in behalf of Mr. McAdoo said that his announcement had been expected for a long time.

"Friends of Mr. McAdoo have known for months that he would be apt to make a statement of this nature," said "for he prepared a similar statement some time ago, but was induced to hold it up."

"He has never given anyone permission to place him in nomination, but I have heard him say many times that if the people, through their delegates, called upon him to take the nomination it would be his patriotic duty to accept."

The first formal meeting of the sub-committee on arrangements was held today, Homer S. Cummings, chairman of the Democratic national committee presided.

What he characterizes as a strenuous campaign, for a modification of the Volstead prohibition enforcement act is to be made before the resolutions committee of the Democratic National convention by Theodore A. Bell, attorney for the organized wine grape and wine producing interests of the state.

"The fight now only will be made before the committee but before the convention," Bell said.

Orders for a complete survey of conditions in San Francisco with regard to gambling, illicit liquor selling and other criminal enterprises in order that a thorough cleanup might be effected before the convention, have been issued by Chief of Police D. A. White. The chief withdrew the sergeant who headed the morals squad and placed a captain in his place and announced that during the convention there would be no vacations and no days off for the police.

PREDICT ANOTHER COAL SHORTAGE

Serious Curtailment of Production Foreseen by Federal Reserve Board the Coming Winter

WASHINGTON, June 18.—A coal shortage next winter which may curtail production of iron and steel and seriously affect other industries is foreseen by the federal reserve board in its review tonight of business industrial and financial conditions for the month of May. The situation already is acute in some districts, according to the board and production in many lines is being held down.

Production of coal is being curtailed chiefly as a result of car shortage the reserve board reports. It estimated the car supply at mines in the east at only thirty per cent of normal. Labor difficulties, while complicating the situation are considered by board as only a minor cause of reduced coal production.

Efforts of shippers on the Great Lakes to facilitate movement of coal by pooling their shipments are regarded by the board as only a partial remedy.

In the southwest, according to the review, many mines are operating at only two-thirds capacity. Coal shipments to other countries are reported as light.

No reduction in coal prices is in sight the board says. Commenting on the far reaching effect of the car shortage and freight congestion, the reserve board states that reports of its agents indicate that the transportation continues over a large section of the country.

The congestion is further accentuated according to the board by local strikes of other groups of transportation workers.

An acute shortage of labor on farms is reported. Wages apparently have fallen behind the advance in prices and cost of living, the board asserts.

Little hope for a general reduction of prices is held out by the board tho it suggests that changes in prices that have taken place may furnish the basis for a more reaching alteration in the essential price structure.

ASK PERMISSION TO INCREASE RATES

CHICAGO, June 18.—Representatives of eight civic clubs and business organizations today presented a petition to the state public utilities commission urging that immediate relief be granted to public utilities corporations that have asked permission to increase rates. Asserting that utilities operating in Illinois had been unable to meet the demands of the public for extensions and betterments, the petition said that "conditions now obtaining will increasingly become worse unless relief is afforded."

The petition stated that the relief should be of a temporary character until a thorough investigation could be made on which to base permanent rates.

Among those signing the petition were William Nelson, president of the Illinois Manufacturers' association and W. W. Baird for the Chicago association of Commerce.

WORLD JURISTS MEETING DAILY

THE HAGUE, June 18.—(By The Associated Press.)—The jurists composing the commission for the permanent court of justice, who are meeting at the peace palace in an endeavor to draft a plan for a world court for submission to the league of nations, temporarily laid today the multitude of plans and plunged into an independent discussion of the solution of judges. The problem, which involved the rights of small, as compared with large, nations, probably will occupy several days.

Elhu Root, representing America pointed out the importance of deciding how small nations should be adequately represented on the panel of judges.

Dr. George Hagerup, of Norway, contended that it is advisable that all nations great and small should have an equal voice and vote in the selection of judges.

Generally speaking, Mr. Root takes the stand that the supreme court of the United States should be the basis of the world court.

GIRL KILLED IN AUTO WRECK

Bloomington, Ill., June 18.—Marjorie Griffin, 15, was killed tonight and Harley Bryant seriously hurt when the car in which they were driving turned over in a ditch a mile north of Normal. They were returning from a dance at the home of a friend in the country. The girl died just after reaching the hospital, her head being crushed by the car. Bryant was trying to pass another car on the road, when his car skidded and turned over.

GIVEN JAIL SENTENCE FOR CONTEMPT OF COURT

Chicago, June 18.—Samuel Hadesman, wholesale grocer, today was sentenced to six months in jail for contempt of court after he admitted intimidating fellow jurors in a murder trial by telling them he was a prize fighter.

The jury disagreed and investigation later by the state indicated that Hadesman had refused to concur with the other eleven, who favored conviction.

\$150,000 WHISKEY ROBBERY

Chicago, June 18.—Robbers stole 750 cases and 38 barrels of whiskey, estimated to be worth \$150,000 from a liquor storehouse early today. They bound the night watchman and put him in the cellar.

HARDING WELCOMES PLAN TO MAKE TREATY CAMPAIGN ISSUE

Republican Nominee Confident People Will Stand by His Party

WASHINGTON, June 18.—Senator Harding, the Republican presidential nominee today answered President Wilson's challenge to make the peace treaty the dominant issue in the coming campaign with a statement that the Republican party would "gladly welcome a referendum on the question of the foreign relationship of the republic."

The Republican candidate in further replying to President Wilson's declaration as contained in an interview published today expressed confidence that "the Republican party of preserved nationality will be overwhelmingly endorsed."

Mr. Harding's assertions made to newspaper men at his daily conference were closely followed by a statement by Herbert Hoover, one of the senator's rivals for the nomination endorsing the choice of the Chicago convention and urging all Republicans to support the national ticket.

Mr. Hoover issued his statement after a breakfast conference with Senator Harding, arranged by the latter. The conference it was explained was part of the Republican nominees general plan of meeting party leaders to learn their views and bring together into a harmonious organization the various party groups.

The former food administrator in his statement said the Republican platform for the most part was constructive and progressive and the compromise planks on the treaty and labor as well as on a number of other subjects were susceptible to a forward looking interpretation.

Some issues, including reorganization of election expenditures and the primaries, he added, were "not adequately dealt with" but the development of several party organizations built upon several individual viewpoints would be disastrous.

Senator Harding spent virtually the entire day in conference with Harry M. Daugherty, chairman of the Ohio state Republican advisory committee and others, in regard to the plans for the campaign.

Definite action on a number of subjects is expected to be taken Monday at a conference which the nominee will have with several party leaders.

Governor Sproul of Pennsylvania who was one of the candidates for the Republican nomination, a letter received today congratulated Senator Harding and assured him of his support in the campaign.

A similar letter also was received from Franklin McVeigh, the two sons and widow of Frank who asked the state Republican party to accept the hearty and loyal good wishes of a beaten Woodman.

"My guess," said Mr. McVeigh "that your attitude in the campaign—from the beginning—will show that progressives of the Wood stripe are easily included in your political sympathies, and as a candidate—and subsequently as a president—you will stand as a progressive conservative, which is as near as need be to the resultant of the opposing tendencies of the party."

NOT THE TIME TO TALK

Candidate Harding has declined to make a statement to the Prohibition leaders at this time, declaring that he has nothing to say in advance of a formal statement to be presented in July. The position taken by

Senator Harding is entirely defensible and leaders of factions, those interested in any particular public question, should be very willing to await the July statement.

WE SHALL SOON SEE

A New York newspaper correspondent has a long article to prove that President Wilson is once more physically fit and is quite well able to continue his leadership of the Democratic party. His recovery just before the national convention at San Francisco is very timely.

It remains to be seen, however, just what the president's political strength is. If he can lead the party to definite espousal of his league of nations program he is certainly some party boss.

GOMPERS STILL AT THE HELM

Samuel Gompers has been re-elected president of the American Federation of Labor. This indicates that Mr. Gompers and his friends have retained control of the organization. In some quarters it has been quite the custom to indicate that radical measures advocated by the federation were not all to Mr. Gompers' liking or in line with his judgment, but were fixed upon him by an unfriendly majority. His re-election doesn't furnish proof of his loss of power.

PROOF OF THE PUDDING

Emma Goldman, deported as an anarchist, acknowledges that she is disgusted with soviet Russia, and with the communism practiced therein. After all, the reputation of the anarchists may be more effective than at first anticipated. They will have a chance to gain first hand knowledge of the failure of the principles they advocate. Most of them believe in no government and Russian conditions are quite in line with their theories.

CHICAGO DISPLEASED

Chicagoans are very much displeased over the constitutional convention proposal to limit the representation of Chicago in both the senate and the house of representatives. The relationship of the metropolis to the rest of the state is a big question and it is quite possible for residents of Chicago and of the downstate counties to view this question with unconscious bias. Because of this proposal and others on which there has been difference of opinion in the convention, it is fortunate indeed that it is proposed to submit the constitution in separated proposals, instead of as a whole constitution.

SOMEBODY WILL FIND A WAY

There is no denying that the supreme court has brought about a very chaotic political condition through its finding setting aside the primary act. The most disconcerting possibility is that if application is made for a rehearing and no ruling made until October, that great uncertainty will prevail as to the legality of action taken by any party or any faction.

Rippling Rhymes
By Walt Mason

Emma Goldman's sad and lonely, as she treads a distant shore, and she sighs, "Ah me, if I only could see the States once more!" In a recent dismal letter she complained of her distress, and her furrowed cheeks grow wetter with her scalding tears, I guess. By her friends she seems forsaken, no one writes to her, says she; and she eats her bread and bacon, weeping, by a weeping sea. By the ocean wet and clammy she sits down to sigh and yearn, wishing that her Uncle Sammy would permit her to return. When she lived beneath his banner she was boosting every crime, acting in a beastly manner, raising thunder all the time. Absence makes a hearty grow fonder, as the dippy poet raved, and old Emma, over yonder, doubtless wishes she'd behaved. For this country is the slickest that was ever out of doors, and that person is the slickest who is banished from its shores. And the folks who grumble, grumble, at our bulwarks every day, should get wise and take a tumble to the things the exiles say.

SEEK FACTS ABOUT

EX-SERVICE MAN
The Home Service Section of the Morgan county chapter, American Red Cross, has been requested to assist in locating another missing man, Sam A. Gott. He enlisted November 2, 1914, and was discharged July 7, 1916, re-enlisted July 29 (year unknown); discharged January 8, 1919, from Spruce Squadron. Emergency address, James P. Gott (father), Rosebud, Texas.

This ex-service man has not been heard from in more than a year. On Dec. 24, 1918, he boarded a train at some point in Oregon, en route for Camp Kearney, California. At ten o'clock that night a traveling railroad man discovered that he was very sick and wired the Red Cross at Ashland, Oregon, to meet his train with a taxi. This was done and the boy was transferred to the Red Cross hospital. The commandant wired this information to the father, December 25. On January 9, 1919, the commandant informed the father that his son had fully recovered and had gone to Camp Kearney. Nothing has been heard from him since that time. Inquiry of the adjutant general's office has elicited no further information of value.

Please report any information concerning this man to Red Cross Headquarters in the Public Library.

FUNERAL SERVICE OF
WARREN U. DANIELS

The funeral of Warren Upton Daniels was held at Ebenezer church at 10 o'clock Friday morning. Rev. James O. Kirkpatrick conducting the service. A large assemblage attended the service, in fact, almost filling all available space in the church. The pastor took for his text the 27th verse of the ninth chapter of Hebrews and dwelt on the uncertainties of life and the necessity of making preparation for the "place prepared" for intelligent souls, for the soul does not but lives and wears in eternity what it weaves here in time. The following memoir was written by a Mrs. Gunn, a niece of the deceased.

The music was furnished by a male quartet, composed of Charles E. Rowe, A. E. Williamson, A. W. Waterman and Benjamin Denny. Mr. George Gunn sang a beautiful solo. Mrs. Edgar Martin presided at the piano. The music was very choice and beautiful. The flower bearers were, Mesdames J. W. Rawlings, Arch Bridgman and J. W. Martin. The pall bearers were, Arch Bridgman, Chas. Black, J. W. Rawlings, J. W. Martin, Logan Black and Chas. Patterson. The floral offerings were profuse, beautiful and most appropriate.

Warren Upton, son of Verin and Nancy W. Daniels, was born Feb. 6, 1842, at the family home on West Morgan street, just west of where the Japanese market now stands. His father was at that time a gunsmith in the little village of Jacksonville. His early education was in the old-time subscription school, taught by Mr. and Mrs. Spaulding. When he was 12 years old the family moved to the farm now owned by Stanislaus Baldwin, and there he attended the country school at Hazel Green. He was never married but lived with his parents until after the death of his mother in 1871. Then for two years he lived at Chapin at the home of Mr. and Mrs. Isaac Kinnett, and in 1873 became a member of his brother William's family, where he remained until called by death early Wednesday morning, June 16, 1920. After the death of his brother in 1905, he was as a father to his orphan nieces, Nannie and Katie. Katie was afterward married to Austin Patterson. These three tenderly cared for him in his declining years.

Of a family of ten children, nine of whom grew to manhood and womanhood, only one brother survives, Theodore Daniels, of Valley Center, Kan. His brothers, Samuel, Buker, William, John and E. Verin, and his sisters, Nancy W. Kinnett and Mary A. O. McAllister, preceded him in death. All his life of 78 years, has been spent in Morgan county and the last 42 years on the same farm in the Ebenezer neighborhood. He was a man of quiet and retiring disposition, much beloved by all who knew him. He had many friends and no enemies.

FIGURES ON WAR RISK INSURANCE

The director of the Bureau of War Risk Insurance has announced that applications for the conversion of war risk insurance into the permanent government life insurance aggregate more than \$400,000,000 to date.

Regardless of how long a service man's insurance has lapsed or been canceled and regardless of how long he has been discharged from the service, a special ruling permits him to re-instate at any time before July 1, 1920, upon application and payment of only two monthly premiums on the amount of insurance he wishes to reinstate.

Now is the time to reinstate. Any men who are in doubt or wish further information about their government insurance, should see the Home Service Secretary at Red Cross Headquarters in the Public Library.

Smiley Predicts \$20 Flour.

Flour at \$20 a barrel will come before the price of bread-stuffs begin to decline.

This prediction was made recently by E. J. Smiley, secretary of the Kansas Grain Dealers' Association, who delivered an address before the convention of the Trans-Mississippi Association of Master Bakers, in session at the Chamber of Commerce, Topeka, Kan. Mr. Smiley was one of the principal speakers on the afternoon program. He cast a rather gloomy outlook upon the prospects for a big wheat crop this year.

Barring financial trouble, bread grains will continue to soar for at least another year, he said. Even at that the price of bread has not been boosted as much as other necessities, he declared.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

Why Should You Use a National Vacuum Cleaner

BECAUSE: It washes much quicker, does it much cleaner and with a great deal less work to the operator.

Why Does It Wash Quicker

BECAUSE: The rapid action of the dasher driving the hot water and suds through the soiled clothes forces the dirt out. The agitation of the hot water makes the dirt respond immediately. Two to six minutes will remove the dirt from

any fabric that can be cleaned with soap and water.

Why Does It Wash Cleaner

BECAUSE: By the vacuum principle the dirt is all forced OUT, instead of rubbing part of it into the fabric.

Why with Less Work to the Operator

BECAUSE: By the vacuum principle it requires only power to handle the water, not the clothes. This eliminates the wear on the fabric and makes the machine run much easier.

In order to fully appreciate the real value of THE NATIONAL VACUUM WASHER, YOU MUST GIVE IT A TRIAL.

WOMEN NEED NOT STAND IT

Lydia E. Pinkham's Vegetable Compound Surely Removes Suffering and Pain Here is Proof.

St. Paul, Neb.—"I suffered with periodical pain for about four years, that I was unable to do my work a times. A friend told me about Lydia E. Pinkham's Compound and I took it. It soon stopped all my suffering so that I am now feeling fine in every way. I recommend your medicine to my friends who have similar troubles. You may publish this letter for the benefit of other women."—Mrs. WILKINSON, St. Paul, Neb.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who now are free from suffering by its use.

DECLARE JAPAN HAS COLONIZATION PLAN

Argentine Newspapers Declare Japan Is Preparing for Colonization Program in South America—Japanese Business Men Arrive By Many Routes.

BUENOS AIRES. — Some Argentine newspapers are calling attention to what they regard as indications that the Japanese are preparing the way for an extensive colonization program in South America as well as seeking on this continent a larger market for their goods. The matter has attracted considerable attention in diplomatic and commercial circles.

The treaty with Paraguay, which the Japanese minister to Chile crossed the continent to

sign at Asuncion, gives Japan favored nation privileges including the right of colonization. Discussing this treaty, Paraguay's Minister, Eusebio Ayala said that one of the objects of Japan was to provide for colonization in this country. He added that Paraguay, which is a country the size of California with only a million inhabitants and a wonderful capacity for agricultural development, would welcome the Japanese. It is now reported that a similar treaty is being negotiated with Uruguay.

In furtherance of this supposed colonization plan in South America, Japanese capitalists, according to the newspaper, La Razon, have recently acquired enormous tracts of agricultural lands in northern Peru and Bolivia.

Those in Bolivia are said to be 1,800 miles square; those in Peru 20,000 miles square. It is also said that Japanese capitalists have invested recently in the exploitation of tin mines in Bolivia and the projection of railways which they are preparing to construct and operate.

"There is no doubt," says La Razon, "that there already exists a vast plan of Japanese colonization in Peru and Bolivia, a plan which considering the very dispersed native population and their relative incapacity for certain kinds of work, is susceptible to a very rapid development, and such an extent that practically very soon Japan will count three large nuclei of interests in South America: Sao Paulo, in Brazil, where enormous quantities of coffee are produced and exported to the Far East; the department of Tarija, in Bolivia, and the province of Loreto in Peru.

"It is also practically certain that in order to satisfy the needs of these colonization centers, an active commercial interchange will be established, but the proportions of this economic expansion are not limited to this.

"Japan, according to one of its most authorized newspapers is thinking out a very ample com-

mercial program and nobody ought to be surprised if within the next ten or twenty years, its South American trade were far ahead of the majority of the other nations, as she is working for this unceasingly.

"These initiatives and tendencies are worthy of consideration, as they constitute a new phase, perhaps the most interesting one for us, of the rivalry between the Empire of the Rising Sun and the Northern Republic."

The record of Japanese business activity in this part of South America includes the arrival here of a Japanese Agricultural Commercial mission a few months ago which is cooperating with an active Japanese Chamber of Commerce in Buenos Aires.

Japanese business men are arriving by many routes, including the Japanese steamship line. One of the most recent arrivals coming by the way of the United States is Shinjiro Ushikoshi, commercial expert of the Japanese Department of Commerce and Export.

He is making a six months tour of South American countries to study consumption needs and also represents important Japanese financial interests desiring to invest capital in South America.

MOTHER SAVES BABE FROM INJURY.

Champaign, Ill., June 17.—Mrs. Lewis Limp, living east of Champaign, saved her baby from injury by throwing it from a wagon when the vehicle was struck by an automobile near Homer, Ill., last night. Mrs. Limp sustained broken legs and other injuries. Police here today found an abandoned automobile with fenders broken and marks of identification removed.

ISSUES STATEMENT ON LOWDEN CAMPAIGN

SPRINGFIELD, Ill., June 18.—Lowden presidential campaign money sent to Missouri has not been returned. This statement was issued tonight by Secretary of State L. L. Emmerson, Governor Lowden's campaign manager in reply to the statement of Nat Goldstein, one of the two St. Louis delegates to the Republican convention.

Goldstein declared in St. Louis Tuesday that he gave his \$2,500 to a man "close" to Secretary Emmerson before leaving Chicago last Friday night. Mr. Emmerson's statement is as follows:

"I have heard nothing at all from Robert Moore and Nat Goldstein since their testimony in Washington recently and have received no remittance of any kind from them.

"On January 14 when the checks were given Moore and Goldstein I had no knowledge that they were to be candidates for delegates to the national convention. It was represented to me that this money was needed for the legitimate expenses of the campaign in the eleventh and twelfth districts in St. Louis and until their testimony before the senate committee I had supposed that every cent had been so used.

The money was paid to Moore and Goldstein on recommendation of those in charge of the Lowden movement in Missouri, because as city committeemen they were the proper persons to direct in their districts the work in the interest of Governor Lowden.

"Through the campaign the greatest care was exercised in order that money should be expended only for legitimate purposes. It is not always possible, however, to prevent the misappropriation of money given for perfectly legitimate and proper expenditure."

DETROIT MORE THAN DOUBLES POPULATION

Washington, June 18.—Detroit with a numerical increase and rate of growth larger than Chicago's increase and rate of growth larger than Chicago's and second only to New York's during the last ten years is now fourth largest city of the country, displacing St. Louis and outranking Boston, Cleveland, Baltimore and Pittsburgh, all of which were larger than the Michigan city ten years ago.

Detroit 1920 population announced today by the census bureau, is 993,739, an increase of 527,973 or 113.4 per cent.

CZECH MINISTER QUILTS

Vienna, June 17.—Complication which threatened to bring about a crisis in the Czechoslovak cabinet has apparently been averted by the resignation of Minister of Agriculture Prasek. The minister had supported an increase in grain prices and a reduction in the amount to be requisitioned, against the opposition of the social Democrats.

DR. CONNELL DIED FRIDAY NIGHT

Resident in Jacksonville Many Years Ago—Funeral to Be Held Here.

Dr. J. B. Connell, a former resident of Jacksonville, died Friday at Maplewood sanatorium. Dr. Connell was sixty-four years of age and has long been a resident in Kansas City. He is survived by his wife who, before her marriage, was Miss Carrie McVey of Waverly; one daughter, now living in New York City, and one son, who is in South America.

The remains were taken to the Reynolds mortuary. Notice of the funeral will be given later.

CONDITION OF MAJOR GORGAS REPORTED SERIOUS

London, June 17.—The condition of Major William M. Gorgas, former surgeon-general of the United States army is much more serious than his friends heretofore have been willing to admit. It was learned here today. It is reported that three or four days ago hope for the general's recovery was abandoned but he rallied. While there has been some improvement, however, he is still dangerously ill.

PLAN NATIONAL CHAMBER OF AGRICULTURE

Secretary Meredith addressed the fifty or more editors gathered here for the three day meeting.

PLAN BOYCOTT ON HUNGARY

Vienna, June 17.—Transport workers of all kinds have called a mass meeting to be held here tomorrow to discuss plans for the boycott of Hungary because of alleged persecution of Hungarian workmen.

The Budapest government is flooding the Vienna press with propaganda in an effort to avert the boycott, declaring that the Hungarian workmen will be the first to suffer if the supplies of American flour should be cut off.

SEARCH OUT THE GERMS OF RHEUMATISM

Find Out What Causes Your Suffering and Go After It.

"What is Rheumatism?" is a question that has not yet been answered entirely satisfactorily. There are still different opinions as to its exact cause, but little doubt that its pains are real.

The medical profession is practically agreed upon one point, however, and that is that Rheumatism is more than a series of local pains, and that the real cause of the disease is deep-seated, and cannot possibly be reached by remedies applied to the surface.

Some forms of this disease have been found to come from tiny

germs in the blood, which set up their colony in the muscles, or joints and begin to multiply by the million. You can easily understand, therefore, that the only intelligent method of treating such cases is through the blood.

S.S.S. is such a thorough blood purifier and cleanser that it can be relied upon to search out all disease germs and impurities and eliminate them from the system, and this is why it is such an excellent remedy for Rheumatism.

Go to your drug store and get a bottle of S. S. S. today and if your case needs special attention you can obtain medical advice free by writing fully to Chief Medical Adviser, 602 Swift Laboratory, Atlanta, Georgia.

Daily Market Report

ALLIED EXCHANGE RATES STRENGTHEN

NEW YORK, June 18.—Business in the stock exchange today was again overshadowed by the sustained strength of British and allied exchange rates accompanied by more persistent rumors of another gold import movement. Dealers reported steady accumulation of bills on London, cables holding around 398 to the pound, or slightly under yesterday's maximum quotation.

Developments in the securities market were chiefly negative in character. Bulls of the investment class made only languid response to the maintenance of prevailing dividends.

Pools were less aggressive in their promotion of favorite stocks, but steels, equipments, oils and motors were rushed forward in the final dealings to the discomfiture of shorts. Sales amounted to 500,000 shares. Because of the light demand, call money opened and renewed at 7 per cent, but a belated inquiry for accommodations over the week forced the rate to 9 per cent before the end of the day. The sale of one block of Anglo-French 5s, approximating \$1,500,000, at 99 1/2, was the feature of the bond market. Liberty issues were steady, but in general the list remained sluggish. Sales, however, were 1,175,000. Old U. S. bonds unchanged on call.

MATERIAL UPURNS IN CORN MARKET

CHICAGO, June 18.—Bullish crop reports for oats and wheat led to material upturns today in the corn market. The close was strong, 1 1/2c to 2c not higher, with July \$1.79 1/2 to \$1.79 1/2 and September \$1.69 1/2 to \$1.69 1/2. Oats finished at 1 1/2c to 2 1/2c advance and provisions up 2 1/2c to 2 1/2c.

All the symptoms of a crop scare developed regarding oats and wheat from parts of the south and west and a good deal of Iowa and Illinois telling of the plant heading short and of widespread need of rain. As usual, under such conditions, the reports were much magnified in the minds of some of the traders and were given further stress by advices from other territory that spring wheat was late and that forcing weather was essential. Country offerings of corn were not large.

Business in oats took on large proportions. Scantiness of receipts added to the bullish sentiment due to fear of crop damage. Provisions, although dull, were firmer with grain and hogs.

BRADSTREET'S REPORT

NEW YORK, June 18.—Bradstreet's tomorrow will say: "Rather more pronounced quiet in new buying at wholesale and from manufacturers, fair purchases at retail stimulated by price reductions and better weather continued complaints of railway congestion affecting receipts of raw materials and shipments of manufactured goods but on the favorable side an apparent country-wide improvement in grain and cotton crop conditions are the outstanding features of the week. Best reports as to trade comes from the west and southwest region, but here wholesale as well as retail the talk of conservatism in buying is more pronounced. In big industrial centers of the east and particularly at textile centers and markets the feeling is more quiet. Cotton goods prices are weaker and curtailment of yarn production is noted at some southern centers. Weekly bank clearings, \$8,832,133,000.

Kansas City Livestock

Kansas City, Mo., June 18.—Cattle—Receipts 5,000; native beef steers and butcher stock steady; top steers, \$15.85; calves and quarantine cattle steady; southern steers, \$10.90 to \$12.50; bulk, \$11.00 to \$11.50; top vealers, \$13.00; all other classes weak.

Hogs—Receipts 3,500; higher; top, \$15.25; bulk, heavy and medium, \$14.90 to \$15.20; bulk lights, \$14.75 to \$15.00.

Sheep—Receipts 1,200; steady; best native lambs, \$15.00.

MENTAL DISORDERS
DR. DOLLEAR'S THEME

Rotary Club Heard Very Informing Address at Friday Luncheon.

Rotary club members at the Friday luncheon had the privilege of listening to a very interesting discussion of the subject, "Mental and nervous diseases," by Dr. A. H. Dollear. Dr. Dollear, who is medical superintendent of the Norbury sanatorium, has for years specialized in the treatment of mental and nervous troubles and is an alienist with a wide reputation.

Dr. Dollear succeeded in presenting a difficult subject in a way that laymen could understand. In addition to Dr. Dollear as guests Judge P. W. Burton of Jacksonville; Joseph D. Milton of Enid, Okla., who is here on business with the Eli Bridge Co., and John Mitchell who is to succeed Mr. Hufford as coach at the Jacksonville High school. They were introduced by President Pontius.

Most are Preventable.
Dr. Dollear said that all of us are affected by mental and nervous diseases for those who are not afflicted help bear the cost of the care of those who are ill. He said among other things: "All but about 10 per cent of mental and nervous diseases are preventable. The history of these diseases reaches back thru a long period, and, in fact, mental disorders recognized as such were known 400 years before Christ. "We have heard in these latter years much about hydrotherapy and its benefits but as a matter of fact the present system is but the amplified use for the basic things in hydrotherapy were practiced long, long ago. It is not too much to say that more advances have been made in the treatment of mental and nervous disorders in the last 25 years' time than in all the previous record."

"Persons with these disorders were at one period beaten, at another time burned and then they were in chains. The result of such theories has been that some people have advocated doing away with all restraint. In Illinois in 1918 there were 17,203 persons cared for in state institutions designed for the treatment of mental and nervous disorders. In 1910 the number of persons thus afflicted and cared for at the institutions was in the relation of 46 out of each 100,000. In 1918 the number had increased to 98 out of 100,000. These figures do not necessarily mean an increase in the number of mental cases but an increase in the willingness on the part of the people to take advantage of the facilities provided by the state.

Big Sums Invested.
"The percentage of recoveries of course varies. At Kankakee in 1910, with conditions favorable because of the area from which patients were taken, the per cent was 24. As a rule the percentage in private institutions is higher than in state institutions because, generally speaking, patients in private hospitals come from more favorable areas or surroundings. "That we are all interested in this subject in a financial way is evident from the fact that the physical valuation of state property used for hospital purposes is \$13,000,000. In 1918 the maintenance cost of these institutions was about \$4,000,000. The war brought a considerable change of feeling with reference to mental disorders. It was a factor in doing away with the idea that there is some disgrace attached to such disorders.

"The records show that 25 per cent of all the ailments in the first draft were due to nervous and mental disorders. After the first draft the advisory boards changed their plan somewhat in passing upon the fitness of men for service. At first these men with certain phases of nervous and mental disorders were sent into the army service with the thought that it would be good for them—that they would be stronger physically for it. The records showed otherwise for the service tended to accentuate the nervous disorders and to make the men unfit for duty.

Heredity as a Cause.
"Heredity in these disorders is not as strong a factor as it is often considered. Heredity does mean an unstable nervous system but the law of heredity, like all the laws of God, is good. There

is a constant tendency to revert to the normal. One family often referred to in this matter of heredity showed 200 or more members insane, or mentally or morally deficient, but such a family history is the exception and not the rule.

"In its campaign against certain social diseases the government is accomplishing much in the prevention of nervous and mental diseases and the abolishment of alcohol will be another strong factor in prevention. Even should prohibition rules be amended and become less stringent, a great good will have been accomplished even in the period of abolishment. None of us would be the worse off if the abolishment of alcohol is perpetual.

"Because of these two factors I have mentioned there should be great improvement in nervous and mental conditions in the next ten or twenty years."

Dr. Dollear then discussed very briefly some of the emotional causes which most commonly lead to mental or nervous disorders. Altogether it was a very interesting and lucid presentation of a very big subject.

MANCHESTER S. S. CLASS ENTERTAINED

Misses Ruby Dean and Louise Pearce Hostesses to S. S. Class Members—Other Manchester News of Interest.

Manchester, June 18.—Misses Ruby Dean and Louise Pearce entertained the members and invited guests of their Sunday school classes at the home of Miss Dean Thursday evening. The evening was pleasantly spent in games, after which refreshments of brick ice cream and cake were served. Those present were: Eliza Strang Andras, Margaret Murray, Della Suttles, Anna Frances Chapman, Hazel and Aletha Cuddy, Ralph and Edward Akers, Edwin Andras, Russell Chapman, Donald Hess, Mason Dean, Kenneth Roe, Charles and Deryl Travis, Frank Cummings and James Lak-in.

Mrs. Harry Wooding and daughter Beryl of Normal spent Wednesday at the home of Mr. and Mrs. Robert Van Tuyle.

Funeral services for Miss Lizzie Mitchell, whose death occurred at a Jacksonville hospital Monday, were held at the residence of C. D. Chapman Wednesday afternoon at 3 o'clock in charge of Rev. Fred Peak. Music was furnished by Mrs. E. O. Hess, Mrs. Alice Wallis, Mrs. J. H. Langdon and E. L. Maine. The bearers were W. J. Chapman of Jerseyville; George Mitchell of Carrollton; Clyde Chapman, Robert Chapman, C. D. Chapman and Walter Rimbey. The flowers were cared for by Mrs. J. C. Andras, Jr., and Mrs. C. L. Lettice. Interment was made in Manchester cemetery.

Mr. and Mrs. C. L. Lettice of Chapin are visiting Mrs. Lettice's parents, Mr. and Mrs. J. R. Blevins and other relatives.

Mrs. Fred Funston and nephews Ivan and Mack Haldeman of Colorado Springs, Colo., arrived Wednesday. They, with Mrs. Haldeman will remain for a few weeks at the Cooksey residence.

Misses Mary Cummings and Florence Lemon spent Thursday afternoon in Jacksonville.

Mrs. Mary Rousey and daughter Miss Pearl and Miss Helen Saye attended the Sunday school convention at Jacksonville this week.

WORK AT NICHOLS PARK.

The graders are busily at work in the southwest corner of the park making substantial improvements grading down the knoll and reclaiming some waste land along the lagoon and south of it. When they get thru there will be a substantial improvement, still more efforts are being made to put all drives in good condition. The excessive rains injured the drive immediately west and northwest of the small south bridge; wet weather made some bad ruts on the driveway north of the refreshment pavilion; the new exit on the east has been made unpleasant by the condition of the Vandalla road just west of it.

Measures are being taken to improve all these rough places and it is hoped that some substantial progress will have been accomplished by this evening. The park board has done its very best but some circumstances have been hard to overcome. Mr. Williamson is taking the Vandalla road part in hand and between him and the park force the hope is to get it into good shape.

Now every auto driver go out that way.

ATTENDED Y. M. C. A. CONFERENCE AT GENEVA

Raye Ragan, who with Henry Thurner of Pittsfield and Francis Thurner of Roodhouse has been attending the Y. M. C. A. student conference at Lake Geneva as representatives of the Illinois College Y. M. C. A., returned to Jacksonville yesterday.

The main speakers at the conference have been "Dad" Elliott, Stitt Wilson, and Bishop McDowell and the boys return with new inspiration for the next year's work in the association at the college.

The weather has been somewhat wet and cold on the lake but nevertheless there has been much enthusiasm at the various meetings.

BIRTHDAY SOCIAL AT ALEXANDER CHURCH

Women of M. E. Church held June Birthday Social Thursday Afternoon—Other Alexander News Notes.

Alexander, June 18.—The ladies of the M. E. church held the June birthday social at the church Thursday afternoon. The hostesses of the afternoon were, Mrs. Joel Strawn, Mrs. J. E. Cheuvront, Mrs. William Bennett and Mrs. A. G. Watret. The hours were spent in a very pleasant way and before adjournment the hostesses served most excellent refreshments.

George and William Colwell and Miss Anna Colwell and Miss Katherine H. Kaiser attended the pageant at Jacksonville Thursday evening.

Mr. and Mrs. F. B. Six and daughter, Miss Harriet, of Jacksonville, were visitors in Alexander Thursday.

Miss Martha Mason has returned after a week's visit with Miss Alberta Dempster in Michigan City, Ind.

Born at Passavant Hospital Friday, a son to Mr. and Mrs. More Pfoelgraph, 202 North Prairie street.

A VISITOR FROM CLEVELAND.
Frank Perry is down from Cleveland for a visit with his parents, Mr. and Mrs. Michael Perry, on Ashland avenue. He is now holding a responsible position as employment manager for the great Goodrich Tire company.

BIRTH RECORD.

Born Friday to Mr. and Mrs. Roy Brockhouse, north of Concord, a son.

MISS VIVIAN WHITMER MARRIED AT DECATUR

Daughter of Mrs. Ida Whitmer Weds Henry Fecthe of Granite City—Will Reside in Granite City—Bride was Art Teacher in Decatur Schools.

Miss Vivian Whitmer, daughter of Mrs. Ida Whitmer and a former resident of this city was united in marriage at Decatur Monday, June 14 to Henry Fecthe of Granite City.

The ceremony was said by the Rev. D. J. Ryan and only relatives and intimate friends witnessed the vows. Following the ceremony a two course luncheon was served at the home of the brides aunt, Mrs. H. Woods. The Woods home was artistically decorated, the color scheme being pink and white which also was carried out in the refreshments.

The bride is well known in Jacksonville as she was born here and her first schooling was received in this city. Later the family moved to Texas and she graduated from the high school in Thurber.

She then entered the North Texas Kidd-Key college where she specialized in art, graduating from that school. She then took up teaching which she followed with signal success. When the family returned to Illinois she taught art in the local schools. For some time she has been teacher of art in the Decatur schools. Her resignation was received with regret by the Decatur school authorities.

After a brief wedding trip Mr. and Mrs. Fecthe will be at home in Granite City where the groom already has a home furnished for his bride.

GAVE DEMONSTRATION WITH TO-RO CULTIVATOR.

A number of Jacksonville men who are interested in farm operations drove to the Clampt farm, three miles northwest of the city yesterday. Mr. Clampt is using a To-Ro power cultivator there and an opportunity was offered to note the kind of work that this machine does and the ease of operation.

The cultivator was handled by a 17 year old boy and was doing very satisfactory work. Evidently a boy or man with one of these cultivators can cover as much ground as two men with horse outfits can cover in the same period of time.

Before the cultivating work was commenced on the lampit farm the To-Ro was used for rolling the 52 acre field. The To-Ro is very simple in construction and can readily be converted into a tractor. So it is especially adapted for use on small or medium sized farms.

Members of the Jacksonville Farm Supply Co., who are distributors of the To-Ro took several groups of men to the Clampt farm during the day.

PROBATE COURT.

In the estate of Carl E. Woellner, letters of administration with will annexed were ordered to issue to Estena Woellner with bond in the sum of \$1,000.

In the estate the inventory was approved.

In the guardianship of John McCarty, report was approved and the guardianship declared closed.

In the conservatorship of Louisa Alcott, the report was approved.

In the estate of Ada Lambert, inventory was approved and Morrison Worthington was named appraiser to fix the amount of the inheritance tax.

In the estate of Herman Weber, the inventory was approved.

In the estate of Harrison Robinson, the estate was closed and the executor discharged.

In the guardianship of Floyd Angelo, and Stephen Angelo, the petition for the leasing of real estate was allowed.

RAIL ROAD WINS IN LAMB CASE

Jury Finds C. and A. Not Responsible for Death of Stock Shipped by Carl Bergschneider

The case of Carl H. Bergschneider vs. the Chicago & Alton railroad was given to the jury in the circuit court about 4 o'clock Friday afternoon. The hearing continued thru two days and involved the question as to whether 99 or more lambs shipped by Mr. Bergschneider to the St. Louis market died from pneumonia caused by carelessness of the railroad employees or from natural causes. The jury returned a verdict, after brief consideration, finding the railroad not guilty.

The suit of the Bureau of National Literature against Charles DeSilva was begun late in the afternoon. The taking of testimony will open at the Saturday morning session of the court.

LOCAL MUSICIAN SINGS AT SPRINGFIELD

Miss Arlene Mallory, daughter of Mrs. Edward Mallory, appeared on the program in a concert given in Springfield Thursday evening for delegates to the National Sunday school congress in session in that city.

The concert was given in the high school auditorium and there was an audience of 1500 present. Some of the best known musicians in the country appeared and it was quite an honor for Miss Mallory to be among those chosen.

Social Events

Mrs. E. H. Doolin Entertains Pinnocchio Club Friday Evening

Mrs. E. H. Doolin entertained the Pinnocchio club at her home, 863 North Church street, Friday evening. Four tables were played and the prizes were won by Mrs. Clarence Large and Roy Anders. Following the play the hostess served refreshments.

Picnic Supper at Nichols Park.

A merry crowd met at Nichols park last evening for a picnic supper in honor of Mr. and Mrs. J. Earl Goodrich of Chicago.

After enjoying a supper of hot weiners and coffee the men folks played baseball, following this was a social time with games and singing.

Among the members of the party were Mr. and Mrs. Walter Rabjohn, Mr. and Mrs. Alex Rabjohn, Mr. and Mrs. Henry Kamm, Mr. and Mrs. Frank Irving, and their families, and Mrs. Julia Goodrich, Mrs. James Burrows and Miss Jennie Rabjohn.

LUTHERAN PICNIC.

The Salem Lutheran school and Sunday school picnic was held at Maple Grove school in South Jacksonville, Thursday, June 17. Though a little cool the day was otherwise ideal and a large crowd turned out to enjoy the day. The Ladies' Aid and Guild served dinner and supper and many were the good things they had to eat. The Luther Walter circle served ice cream and refreshments at one stand and burgo soup at another. The burgo was exceptionally good and hence the supply was exhausted before evening had come. The Sunday school's fish pond was enjoyed by both small and large children. The climax of the picnic was the excellent program of songs, drills and dialogues given by the school under the direction of the teacher, Mr. Herbert Lells.

In addition there were athletic events, consisting of foot races, sack races, three legged races and tugs of war.

A goodly sum was realized by all the societies of the Salem Lutheran new church fund and contributions also are being received for that purpose. The program:

Song, America—School.
Recitation, The Colors of the Flag—Theo Schulz, Lorette Buescher, Richard Ingram.
Song, National Anthem—School.
Dialog, Turn Him Out—Alvin Middendorf, Eugene Heinz.
Action song, Smart Little Cooks Velma Buescher, Verna Middendorf, Mary Holt, Loretta Buescher.

Dialog, Advanced Geography—Teacher, Ed Wessler; pupils, Elmer Middendorf, Edwin Gruber, Theo Schulz, Ed Roegge, Loretta Buescher, Richard Ingram, Valmo Buescher.
Song, Out in the Country—School.
Dialog, Just My Luck—Verna Middendorf, Mary Holt.
Song, Wave Old Glory—School.
Song, Star Spangled Banner—School.
Drill, Broom Stick—Twelve boys.
May Pole—School.

RECEIVES WORD OF
RELATIVE'S DEATH
Nephew of Mrs. George Nash Dies Suddenly at Home in Kentucky Was Veteran of World War.
Mrs. George Nash of 335 West Walnut street received a message yesterday telling of the sudden death of her nephew, Captain James F. Delaney at his home in Carlisle, Ky.
Deceased was the son of Mr. and Mrs. Robert Delaney and was born in Kentucky March 20, 1893. He enlisted at the beginning of the war with Germany and was sent to the officers' training camp at Ft. Benjamin Harrison, Ind., where he received a commission as captain.
Later he served at Camp Taylor where he was engaged in drilling recruits. He was then sent overseas. While in service in France he was gassed. It is believed he never fully recovered and this together with the extreme heat is thought to have caused his death.
Capt. Delaney was a member of the Christian church, of the Masonic fraternity and also prominently identified with American Legion work in his native state. At the time of his death he was engaged in raising a fund of \$5,000 for building a home for the Legion post in his home city.
Funeral services were held in Carlisle and the Masons were in charge. The usual military honors were carried out at the grave.
